There are three ways to incorporate matching gift data into DonorDrive's platform. Here are the steps to add a matching gift resource for fundraisers.

On a Dedicated
Matching Gift Page

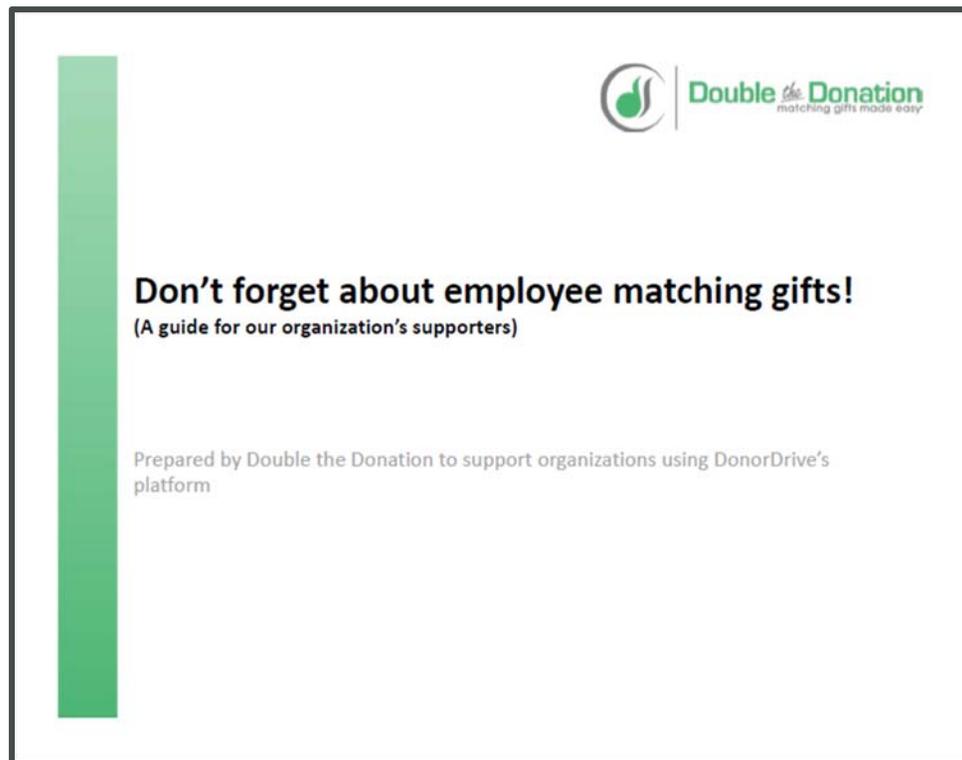

In the Donation
Process on the
Donation Thank You
Page

As Resources for
Fundraisers

Step #1: Download Double the Donation's matching gift guide for organizations to share with their fundraisers

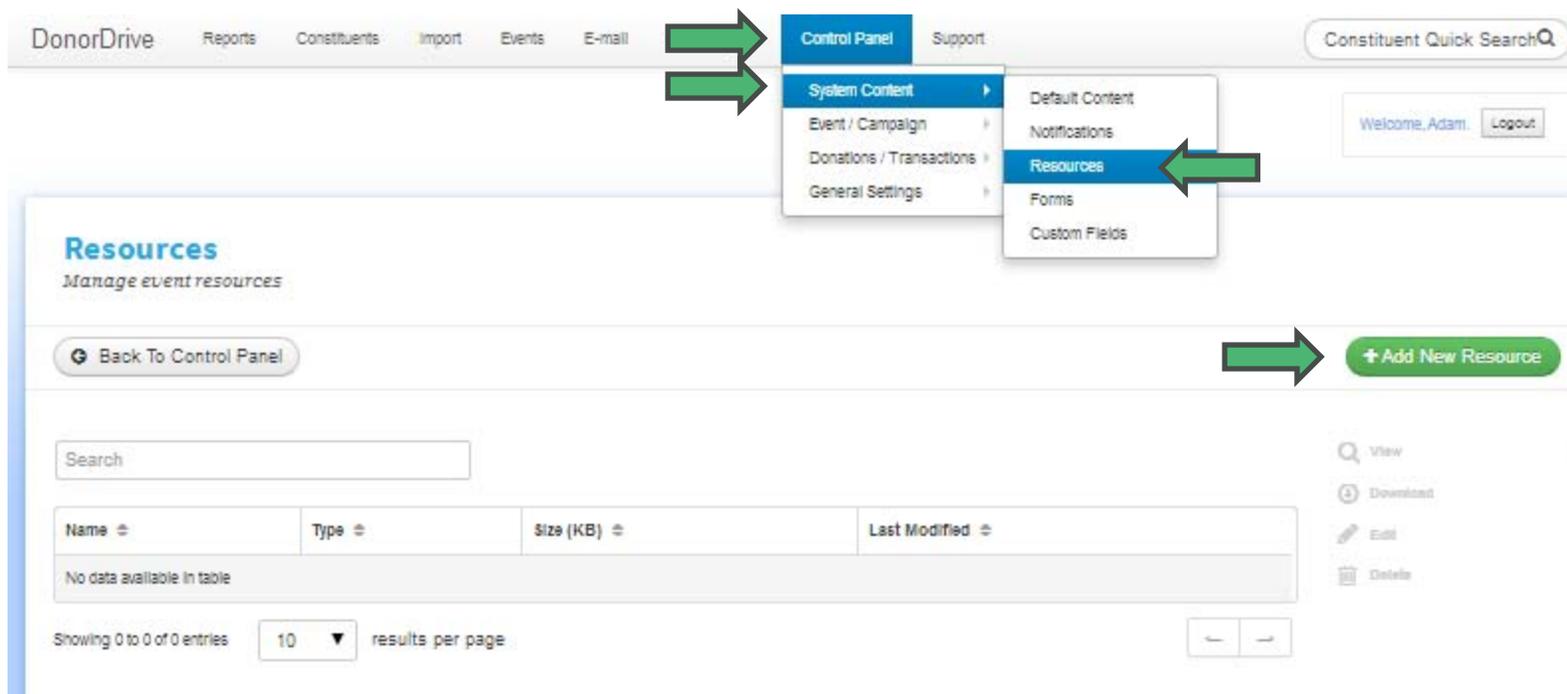

Download the PDF from the following URL:

<https://doublethedonation.com/forms/documents/peer-to-peer-fundraisers-guide-to-matching-gifts.pdf>

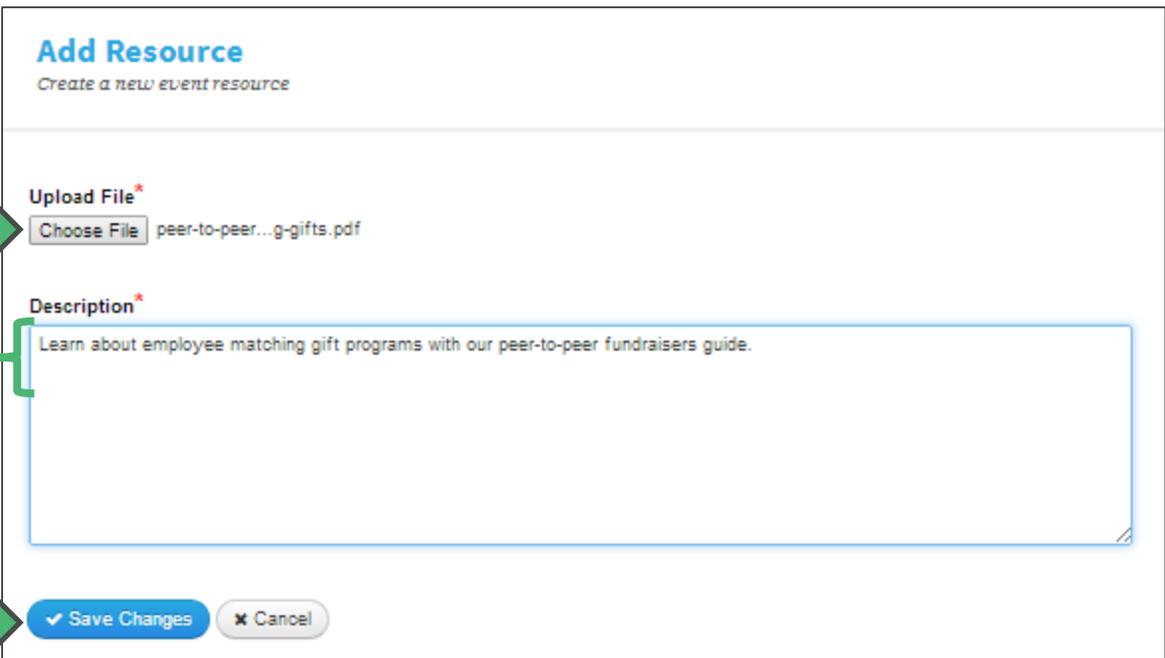

The guide provides an overview of matching gifts, highlights a sample, discusses the matching gift lookup tool, and encourages supporters to check if their company or their friends' companies match employee donations.

Step #2: Access the “Resources” section of your admin portal. You do so by scrolling over “Control Panel”, then scrolling over “System Content”, and then click “Resources”. You’ll be taken to a resource page where you’ll click “Add New Resource”

Step #3: Upload the matching gift guide which you previously downloaded in Step 1 and add a description.

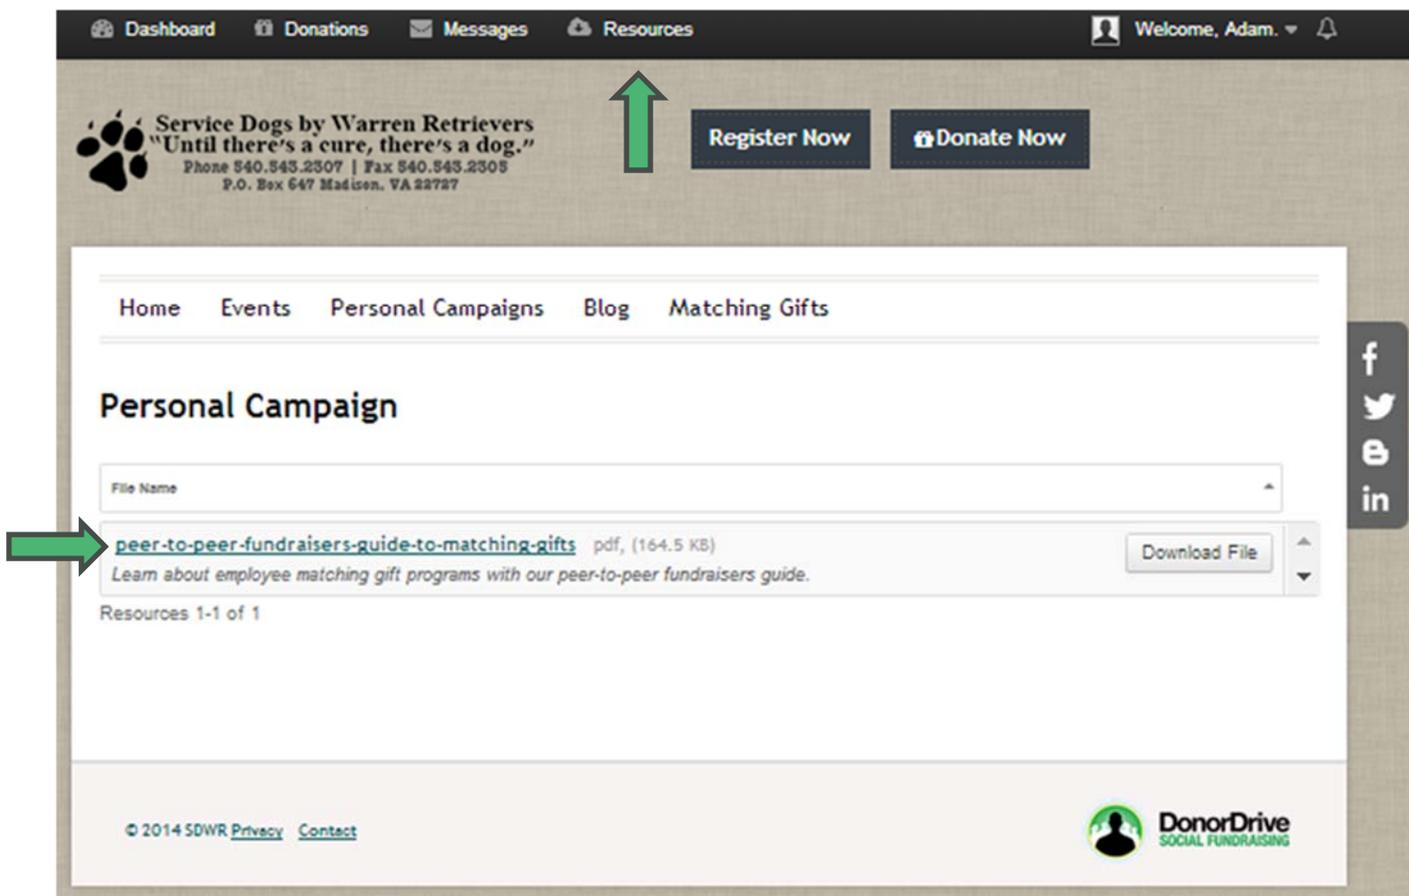

The screenshot shows a web form titled "Add Resource" with the subtitle "Create a new event resource". The form has two main sections: "Upload File*" and "Description*". The "Upload File*" section contains a "Choose File" button and the filename "peer-to-peer...g-gifts.pdf". A green arrow points to the "Choose File" button. The "Description*" section is a text area containing the text "Learn about employee matching gift programs with our peer-to-peer fundraisers guide." A green bracket highlights the text. At the bottom of the form, there are two buttons: "Save Changes" (with a checkmark icon) and "Cancel" (with an 'x' icon). A green arrow points to the "Save Changes" button.

Sample description text:

Learn about employee matching gift programs with our peer-to-peer fundraisers guide.

Step #4: Log in to one of your test peer-to-peer fundraiser accounts and verify the resource guide is available by clicking on “Resources”
